## Felting a Bar of Soap

**Wednesday November 15 3:00 - 6:00 PM (drop in for 1 hour)**

Bring beauty to your sink! Learn the basics of wet-felting while making a colorful covered soap. Wrapped soap lasts longer and looks nicer than a bare bar of soap. This is a great beginner class. \$15.00 for all materials

## Beginning Needle Felt Class

**Wednesday December 6 from 6:00 – 8:00 PM**

Join with artist Lauralee DeLuca to learn the basics of making a piece of "fiber art". You don't have to be an artist to make something great! Needle felting is limited only by your imagination. Once you learn some basic techniques, needle felting can be used to add embellishments to your knitted garments or woven fabric or as a stand-alone work of art. In class, you will have an opportunity to make your own ideas come alive with fiber. We will cover basics of both flat and 3-D felting. \$40.00 includes 2 needles and color wool assortment. Call to reserve you space in the next class.
